1 Introduction

- 1.1 This document specifies the supplementary SAC criteria for certification bodies for certification of water fittings and appliances under the Public Utilities (Water Supply) Regulations and the Water Efficiency Labelling Scheme (WELS) Guidebook. This document is to be used with ISO/IEC 17065 and the applicable IAF Mandatory Documents.

2 Certification Criteria

- 2.1 Certification Bodies (CBs) for WELS shall certify WELS products to the WELS requirements in the Public Utilities (Water Supply) Regulations and Water Efficiency Labelling Scheme (WELS) Guidebook.

3 Certification Scheme

- 3.1 The certification scheme used is ISO/IEC 17065 - Type 1a.

4. Criteria for Reviewer of Test Reports / Person Making Certification Decisions

- 4.1 A reviewer of test reports or a person making certification decisions shall meet the criteria specified in the **Annex 1**.

5 Registration and Certification of Products under WELS

- 5.1 CBs shall have an online system or equivalent system to allow registered suppliers to submit their applications.
- 5.2 CBs shall keep and maintain a register of every application, every product certified and every label issued in accordance with the Public Utilities (Water Supply) Regulations and WELS Guidebook.
- 5.3 CBs shall upload the certified product, label and other information required by PUB onto PUB's WELS system at www.pub.gov.sg/wels. A water fitting, appliance, apparatus and product is deemed to be registered under WELS if it has been published in PUB's WELS website at www.pub.gov.sg/wels.
